

OFFICE OF DIRECTORATE OF RESEARCH AND INNOVATION

To: The Selection Committee
ULMA Economic Olympiad (ULMA-EO)

Subject: Letter of Recommendation for Mr. Niyibizi Steven

Dear Members of the Selection Committee,

It is my great pleasure to recommend **Mr. Niyibizi Steven** for admission to the ULMA Economic Olympiad and financial support program. As the **Research and Innovation Officer** at the University of Rwanda's Huye Campus, and Steven's **academic advisor**, I have had the privilege of working closely with him and observing his academic growth, innovative mindset, and commitment to applying economics to real-world challenges.

Steven is an exceptionally motivated and intellectually curious student. Through my interaction with him in academic advising and innovation activities, I have been impressed by his strong analytical thinking, problem-solving ability, and willingness to explore creative solutions to socio-economic issues. He consistently demonstrates initiative, learns quickly, and approaches challenges with professionalism and determination.

One of Steven's greatest strengths is his ability to combine economic knowledge with technology and innovation. His interest in digital solutions and software development enables him to translate theoretical concepts into practical applications with real societal impact. He is also an effective communicator, works well in teams, and has shown leadership qualities while participating in innovation-related activities within the university.

I am confident that Steven possesses the intellectual ability, creativity, and determination needed to excel in the rigorous environment of the ULMA Economic Olympiad. I believe he will make meaningful contributions to the program while benefiting greatly from the opportunities it offers. I therefore recommend him wholeheartedly and without reservation.

Should you require any additional information regarding Steven's qualifications or character, please feel free to contact me.

Yours sincerely,

Mr. Jean Marie Rene Mukunzi
Research and Innovation Officer
Huye Campus
University of Rwanda
